

We Are All Unique

If we all looked the same, we wouldn't be able to see who was who!

If we all liked the same things we would all disagree over what we wanted!

Fortunately we are all different.

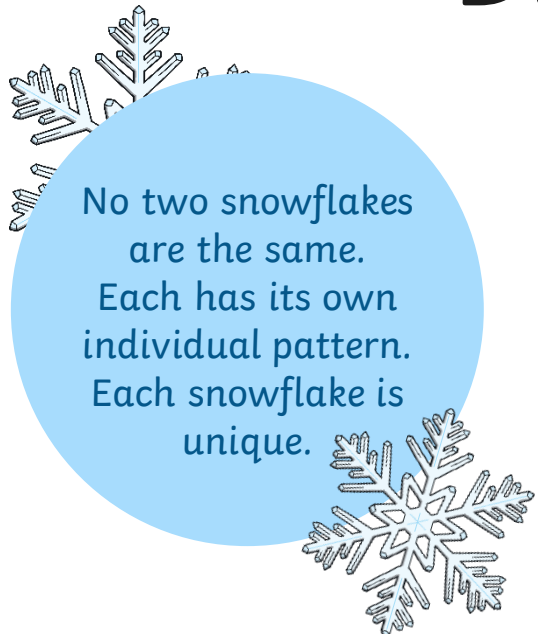

Each one of us is different. Even if
we do look a little like our brother
or sister or share likes and dislikes
with our friends.

We are all unique.

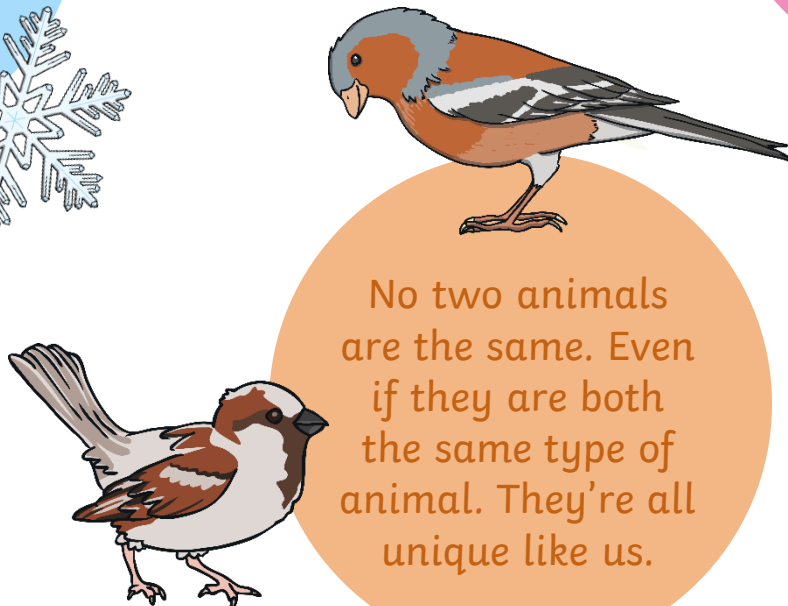

Did You Know?

No two snowflakes
are the same.
Each has its own
individual pattern.
Each snowflake is
unique.

Every single
person on earth
has a unique
fingerprint. Each
one is special and
different.

No two animals
are the same. Even
if they are both
the same type of
animal. They're all
unique like us.

What about you?

What makes you special?

What makes you unique?

Inspirational Quotes

Nobody can replace you.
You are unique. Don't try
to compare yourself with
others.

Be yourself; everyone
else is already taken
- Oscar Wilde

Why fit in when you
were born to stand out?
- Dr. Seuss

Today you are You,
that is truer than true.
There is no one alive
who is Youer than you
- Dr. Seuss.

Art Activity

We are going to be creating a whole school Rainbow display.
Each class in the school will be responsible for one colour of the Rainbow:

EY- violet
Y1- indigo
Y2- light blue
Y3- green
Y4- yellow
Y5- orange
Y6- red

Using paint, each child will need to create a handprint in their year group colour. Once dry, carefully cut around the handprint, you can ask an adult to help you.

Your handprint is unique to you, and so by creating a whole school rainbow of handprints, we can show we are all unique, but we come together and shine!
