Dear Parents and Carers,

Halsford Park Primary School warmly invite you to our Whole School Sports Day and Picnic Lunch taking place on Thursday 21st May 2026. During Sports Day, the children will participate in a range of different sporting activities, most of which will be competitive. Each teacher will be taking a group of up to 30 children around different sporting activities, with each of the pupils participating and competing in each activity. **Please note, that your child may be participating in a group supervised by the other teacher in his/her year group.**

Early years:

Please note Early Years children will be staying in their classes to complete their activities.

Early Years will be participating in a range of activities including a running race, egg and spoon race, sack race, throwing beanbags into a hoop, and dishes and domes. The children will also have breaks in their classrooms as and when they need them between races.

Pupils will be competing for their team in an effort to win the Sports Day trophy. On the day, pupils will be required to wear a t-shirt in the colour of their team. **For example if they are in Team fire, they will need to wear a red t-shirt with their PE shorts/tracksuit bottoms.** They should come to school dressed in their Sports Day clothing.

Please also be aware that some activities have designated areas for spectators. Please watch from these zones only to enable everyone to stay safe and to allow the children to participate fully. If you are able to attend, we hope that you enjoy watching the children participate.

The events will be colour coded to make them easier to find. The activities will be marked by a banner which will be the colour of the event on the map. Please see the attached map and activity list to help you plan your morning.

The PTA will be providing refreshments on the day and all families are welcome to stay and have a picnic on the field with their child/children/family members.

The approximate timings are given below.
